**address**  
bromborough port, wirral

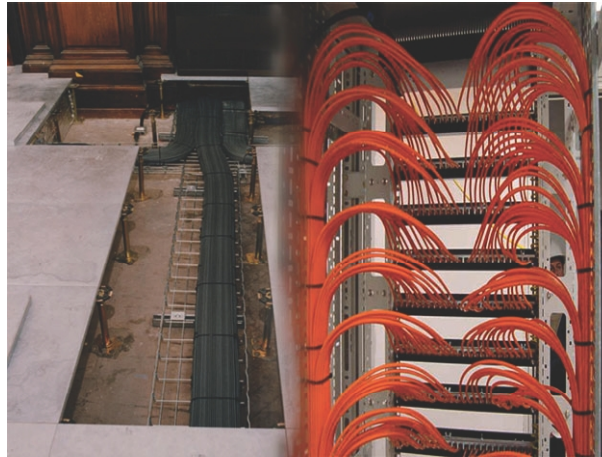

**project**  
factory IT network installation

I am writing to express my deep gratitude for the dedicated work and assistance provided by your operatives during the 'Network Go Live' last weekend. Their presence on site was invaluable and I could not have done it without them.

They were very professional and excellent ambassadors for The Rosebery Group, a credit to their company.

I would also like to thank the Rosebery employees who were involved in the data installation for all their hard work, the quality of which in my knowledge is second to none. Please pass on my thanks to them.

John Rossiter – (Systems Manager Quest Int.)
