project
building construction

value
£ 2.4m electrical project

The Board advocate that in our quest for service excellence GIO-ES should endeavour to "delight our customers". I know that with regard to both Unity House and the Computer Centre they have been delighted with the service from Rosebery's. Please pass on my thanks and that of the Board to all those associated with the development work over the past year.

Paul Cattrell (Facilities Co-ordinator GIO-ES)
